Prepare your document dimensions to 25% of the finished size. All raster artwork (continuous tone 4-color photographs or illustrations) should be created at 400 dpi. Save all artwork as EPS files in CMYK mode. If placing several units together for a show, allow a 2" gap for design continuity across panels.

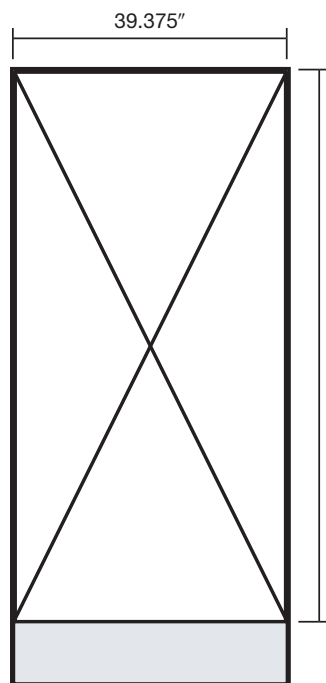

Standard Width
Visual Area: 33.5" x 79.5"
Layout Size: 33.5" x 88.5"
(9" will not show)

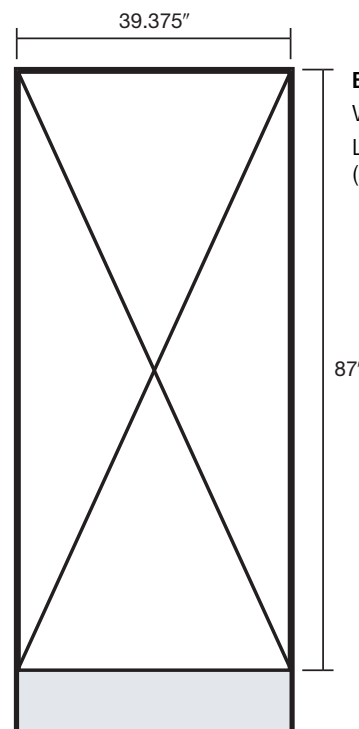

Provide an additional 8.5" bleed for mounting to the leader, this area will not show.
